Detailed Action

Response to Amendment

Claims 1-37 are pending. This action is in response to the amendment received December 21, 2005.

Response to Arguments

The rejection of claims 1-37 under 35 U.S.C. 103(a) as being unpatentable over Lent et al. (US 6,324,524) in view of Walker et al. (US 6,336,104) is maintained.

Applicant's arguments filed December 21, 2005 have been fully considered but they are not persuasive.

In response to the arguments concerning the previously rejected claims the following comments are made:

A.) In response to applicant's arguments against the references individually, one cannot show nonobviousness by attacking references individually where the rejections are based on combinations of references. See *In re Keller*, 642 F.2d 413, 208 USPQ 871 (CCPA 1981); *In re Merck & Co.*, 800 F.2d 1091, 231 USPQ 375 (Fed. Cir. 1986).

B.) Applicant alleges that the prior art made of record fails to teach performing a credit worthiness check to determine a credit pre-approval of customer, performing is done using a result of searching and without knowledge of and uninitiated by customer. The examiner disagrees with applicant's representative since Walker teaches performing a credit worthiness check to determine a credit pre-approval of customer, performing is done using a result of searching and without knowledge of and uninitiated by customer

Art Unit: 3624

(col. 4, lines 50-67; col. 5, lines 1-65; col. 6, lines 42-54; col. 2, lines 9-21; col. 7, lines 1-15; col. 14, lines 14-32). In other words, Walker discloses point of sale (POS) wherein the customers are unaware of the pre-approval credit card until an offer is mailed or contacted them via email.

With regards to the claims rejected as taught by Walker and Lent, the examiner would like to point out that the reference teaches the claimed limitations and thus provides adequate support for the claimed limitations. Therefore, the examiner maintains that Walker and Lent taught the claimed limitations.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
